## Paterson 270

Invoking the wide open spaces synonymous with the town our design is named after, the Paterson blends the traditional elements of a ranch style home with a contemporary take from Hunter Designer Homes.

Perfect for the lifestyle block the Paterson is designed for living and entertaining, with the generous kitchen and butler's pantry providing ample storage and functionality for large families or for those who like to entertain in style. Coupled with the alfresco, expansive living areas and optional veranda (Gable facade) the Paterson is meant to be enjoyed, the sound of family and friends echoing through the home.

The Paterson designs feature an expansive main bedroom, separate media room, study alcove, open-plan living and dining that is wide and deep, and generous bedroom sizes.

Choose between the contemporary lines of our Skillion Facade, the traditional or the understated styling of our Gable Facade.
